### Democrats Favor Third Party Here

LONDON, Aug. 13—(UP)—  
The Moscow radio came out  
today in favor of a third party in  
the United States elections.  
The broadcast, in an English lan-  
guage, said America's  
present two-party system was  
undemocratic, playing into  
the hands of Wall Street.

Wall Street, said Moscow,  
was able to "gain full control  
of the entire civic and political  
life of the United States."

It was charged that both the  
Democratic and Republican  
parties now sought to do basi-  
cally the same thing—satisfy ex-  
pansionist aspirations of Ameri-  
can monopolies which "are striving  
for world domination."

The broadcast said that despite  
the fact that the White House  
and Congress were controlled by  
different parties, "Democratic  
leadership got on perfectly well  
with the Republican Congress,  
and no serious conflict has arisen  
between them on essential mat-  
ters of policy."

It was said both parties  
were to Wall Street demands  
to curtail civil liberties and  
persecute workers.

### CHICKEN IS NOT ONLY GOOD BUT COSTS LESS

A Putnam county farmer who  
figures his costs carefully comes  
up with these observations con-  
cerning chicken, which is not  
only good to eat, but is also less  
expensive than a lot of other  
kind of eating.

For several tests on three  
pound chickens, they dressed out  
80 per cent. In other words a  
three pound chicken costing 35  
cents per pound on foot, will cost  
about 42 cents per pound dressed  
ready to eat, not counting labor  
in dressing, or about 50 cents  
per pound counting the cost of  
dressing, allowing 25 cents for  
the latter operation.

This farmer believes that  
chicken is much cheaper to eat  
than a lot of other kinds of meat  
and at the same time is much  
better than a lot of other kind.

### Charges Denied By Legion Post

GEORGETOWN, Ill., Aug. 13—(UP)—  
The commander of a negro  
American Legion Post today  
denied charges by State Legion  
officials that the group harbored  
Communists and followed the  
party line.

State Comander William P.  
Kleuskens notified the Roy B.  
Tisdell Post last night that its  
charter had been revoked tem-  
porarily.

He charged the Post had as-  
sisted "those engaged in dis-  
semination of ideologies which  
are contrary to the tenets of the  
American Legion—Communism."

The charge was denied today  
by C. A. Hazelwood, the Post's  
commander, who said "there will  
be a really big story in this  
when we make the true facts  
known."

"Kleuskens' charges definitely  
are not true," Hazelwood said.  
"I defy him or any other State  
officer to prove them. There isn't  
a single Communist among our  
114 members and our Legion pro-  
gram has been as American as  
any other in the country."

Kleuskens had charged that  
the post "while acting in the  
name of another organization  
has involved the name of the  
American Legion in controversies  
relating to Communism in such  
a way as to bring the good name  
of the American Legion into dis-  
repute."

"The dissension and contro-  
versy and discontent existing in  
the post are of such nature that  
this group cannot adequately  
function as a post of the Ameri-  
can Legion," he said.

### LIVING COSTS AT NEW PEAK; STILL SOARING

LABOR AND MANAGEMENT  
BLAME EACH OTHER  
FOR PRICES

WASHINGTON, Aug. 13—  
(UP)—Labor and management  
each blamed the other for high  
prices today as government  
statistics showed the cost-of-  
living at a new postwar high and  
still climbing.

A labor spokesman, CIO Vice  
President Emil Reive, accused the  
National Association of Manu-  
facturers of going back on its  
pledge to work for lower prices  
if OPA were discontinued.  
Reive called on Congress for  
immediate restoration of price  
ceilings and rationing of certain  
scarce goods.

She NAM replied that labor's  
"three rounds of general wage  
increases in the past year and  
the direct loss through strikes of  
more than 30,000,000 man-days  
of production since last Novem-  
ber" were directly responsible  
for keeping prices up.

The NAM also criticized what  
it termed the Justice Depart-  
ment's intimation yesterday that  
current high prices are the re-  
sult of criminal conspiracies.  
It referred to the Department's all-  
out campaign against conspira-  
cies to increase food, clothing  
and housing prices. The cam-  
paign is both "absurd and  
dangerous," said the NAM, be-  
cause it ignores the effect on  
prices of wage boosts, strikes and  
relief of demands.

Meanwhile, latest figures from  
government agencies show that  
incomes and prices are still on  
the upswing. The Labor Depart-  
ment's wholesale market price  
index rose one-half of one per  
cent in the week ended Aug. 2,  
with steel and building materials  
leading the way. The price of  
farm products fell during the  
week, but food and all other com-  
modities continued to increase.

Amid the charges and counter-  
charges, Democrats and Republi-  
cans, labor and industry were all  
to do something about the high  
cost-of-living.

The Democratic Administra-  
tion through the Justice Depart-  
ment promised to launch an im-  
mediate drive against illegal  
monopolistic price boosting. At-  
torney General Tom C. Clark  
said his anti-trust lawyers would  
plump for jail sentences and  
stiff fines for those convicted.

The Republican-controlled Con-  
gress promised to have sub-  
committees in the field by Sept. 15  
to find out what keeps prices up.  
The congressional groups will  
hold hearings in cities through-  
out the country and make recom-  
mendations to Congress when it  
reconvenes in January.

The CIO urged Congress to re-  
turn to Washington before Janu-  
ary for a special "price" ses-  
sion. Reive warned that unless  
living costs are reduced drastic-  
ly in the near future, labor will  
have no alternative but to call  
for another round of pay hikes.

The Justice Department made  
it clear that its campaign is  
aimed only at individuals and  
corporations which are delib-  
erately forcing prices higher by  
agreements with other com-  
panies. The Department has no  
authority to stop a merchant  
from raising prices by himself.  
The new drive, and the prosecu-  
tion which may follow, will  
cover a broad field. A spokes-  
man said investigators would  
look into everything from the  
price of cow on the hoof to the  
finished belt or pair of shoes.

### PROWLER ARRESTED BY CITY OFFICERS

Harvey Cook, said to be a  
resident of Indianapolis, was  
arrested by Greencastle police at  
2:30 a. m. Wednesday when he  
was reported prowling on the  
premises of a local home. Police  
also said Cook had been drink-  
ing.

He was lodged in the Putnam  
county jail pending filing of  
charges later in the day.

#### Attlee Voted Dictatorial Power

LONDON, Aug. 13 (UP)—  
The House of Lords approved  
Prime Minister Clement Attlee's  
emergency bill today giving the  
government "dictatorial" powers  
over British industry and labor.

The measure, already passed  
by Commons, sailed through  
Lords with little controversy de-  
spite the fact that it empowers  
the government to order labor  
and industry to do almost any-  
thing in the national interest.

In Commons, conservative An-  
thony Eden demanded that the  
members of Parliament cut short  
a planned vacation so they can  
be on hand to examine the emer-  
gency measures the government  
will order.

Eden said the United States  
loan to Britain will be exhaust-  
ed before Oct. 20, when the  
government wanted to recon-  
vene Commons. Eden moved  
formally that the House reas-  
semble Sept. 16.

at New Albany Monday that the  
Army is prepared to move at

### Strip Dancer Is Bandit Queen

BILOXI, Miss., Aug. 13—(UP)—  
A blonde striptease dancer was  
held today as a beautiful bandit  
queen whose two male accom-  
plices allegedly committed at  
least one murder and three rober-  
beries.

Police Chief Louis Anglada  
said Marjoretta Gray Crabtree,  
29, good-looking and tem-  
pered, admitted that she plan-  
ned the robberies and sent the  
men to do the job after giving  
them narcotics to bolster their  
nerve.

Mrs. Crabtree, who ran away  
from home when she was 15 for  
a dancing career, then became a  
bandit queen when men fell for  
her charms, got most of the  
swag, police said. One of the  
holdups resulted in the fatal  
shooting of a restaurant propi-  
etor.

Anglada said the woman gave  
the men shots of morphine before  
each holdup "so they would have  
plenty of nerve."

She said she was planning to  
hold up the Louisville and Nash-  
ville railroad station for a "big  
haul" when police stepped in.

Held with the dancer were  
Noahson B. Walters, 24, who was  
arrested here, and John Robert  
Tall, an AWOL soldier from  
nearby Keosauqua Field. Tall was  
arrested in Columbus, O., by the  
FBI.

No charges have been filed  
against Mrs. Crabtree and Wal-  
ters. District Attorney Luther  
Maples said charges probably  
would be filed in Gulfport, Miss.  
A murder charge already has  
been filed against Tall, who will  
be returned here from Columbus.

Scrap Has Only Started -- Hughes

LOS ANGELES, Aug. 13 (UP)—Howard Hughes said he was convinced today that his battle with Sen. Owen D. Brewster has just begun.

He said he had no doubt that a recess in a senate investigation of his war contracts meant that Brewster, the committee chairman, had "just begun to fight."

"He has an unlimited capacity for hitting below the belt," Hughes said.

During the investigation, Brewster accused Hughes of cheating the government out of \$4,000,000 through his war contracts.

The millionaire manufacturer and movie producer was back at work today on tests of his photoreconnaissance plane. He had interrupted the tests to defend the plane before the committee.

He came home from the hearings last night, feeling he was no longer "behind the eight ball" but still wary of the maine Republican.

"I don't minimize his capacity for dirty dealing, and I have no doubt that, as he says, he has just begun to fight."

Hughes said pressure of work on the XF-11 photo plane, in which he was nearly killed during a test flight last year, would keep him from taking any vacation. He may fly it today, he said.

Workshop Opens For Homemakers

The Handcraft Workshop for the Putnam County homemakers opened at 10:00 a.m. today at the Public Service Auditorium 12 South Jackson Street by Elsie Alice McKeenan, and Lucile Smith, home demonstration agents.

"Weaving for Fun" included articles for the home such as rugs, linen guests towels, place mats, wool bags, and many other useful and decorative articles.

Three types of loom being used during the workshop this week are rug loom, 5 portable table looms and one large four harness loom.

The making of gloves and purses as shown by Miss McKeenan was very timely since good quality leather is available. Chamois suede and cokeskin are quite popular among the county glove makers.

A beginners session in crocheting and knitting was a favorite for many women. Material needed for those who may wish to attend, Thursday, Friday and Saturday are, 1 ball or skein knitting wool, any color and 1 pair No. 6 knitting needles.

The twelve basic stitches in needlepoint gave many an introduction to designing useful pieces for their own home. Supplies needed are 1 tapestry needle, 12" tapestry canvas and 1 skein wool.

## Good News For Folks Who Suffer From

- STOMACH GAS
- SOUR FOOD TASTE
- ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous distress. Everytime food enters the stomach, a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, undervigorous restlessness, sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing the flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent acid-vating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalizers to counteract gas and bloating when you so dearly need SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

### Program Needs Public Backing

WASHINGTON, Aug. 13 — Congressional backers of the National Military Training program today their only hope for passage in 1948 is to whip up over the public demand in the new months.

During a major International Congress on Military Training, they said, there appears to be a chance for a military training bill in an election year. Legislators traditionally are concerned with politics with policies. Sponsors of legislation planned to take the case to the people through state governors.

Members revealed that the program will be bombarded with letters asking them to support it.

House Armed Services Committee have been dropped. One official said it was feared that the group would lay itself open to criticism by undertaking such action.

The state governors went on record in favor of UMT at their recent Salt Lake City conference. But military training advocates said much more than that was needed.

"Public opinion polls have demonstrated that the people favor UMT when they express themselves at all," a top strategist for the bill said. "But it seems difficult to convince legislators that the people mean what they say."

### Ruhr Parley In Second Day

WASHINGTON, Aug. 13 — (UP)—American officials sought today to compromise British proposals for socializing the Ruhr coal mines in Germany as a method of increasing their output.

As the Anglo-American conference on the Ruhr went into its second day, some American officials hinted that if the British would table the socialization plan, the government might agree to assure a greater share of the occupation costs in the merged zones of Germany.

This concession probably would be tied to an American demand for a stronger voice in Ruhr management, including industrial plants. U. S. conferees are expected to recommend that the mines be placed under joint British-American administration, instead of under the present British management which some American authorities criticize as inefficient.

The conference broke up into small technical groups in an effort to work out plans to boost coal production in the Ruhr mines. This effort is closely tied in with the Marshall plan for European rehabilitation.

Both sides are agreed that efforts must be made to restore the war-ravaged transportation system to and from the mines, build new homes and provide more food for miners and provide more adequate mining machinery.

William Smurr, a South Bend trucker, and state police pulled the other two vehicles from the blaze to avoid further explosions.

### Fishin' Fun

The hot weather has failed to stop the myriad of local hopefuls who trek down to the lakes and streams to try for that elusive "Big One" that nearly always gets away.

We are still trying to prove that the five pound ten ounce Bass caught by Don Buntin at Albion Sunday morning is not the old lunker that is fondly called "Old Zulu" by the fellows who have caught her, and know her well.

Charley Crawley tells me that Zulu has a slit in her lower lip that failed to heal together, and has made a hole about the size of a lead pencil. That is about one quarter inch in diameter. After a thorough examination, we failed to find any such mark among the many scars that the Buntin fish carried. We still would like to know more about "Old Zulu."

### Truck Driver Dies In Flames

LIGONIER, Ind., Aug. 13 — (UP)—A collision involving three trucks on Ind. 6 near here was fatal last night to Maynard Nichols, 23, Michigan City.

Nichols, driver of a Standard Oil tank truck, was burned to death in the cab of his vehicle after it smashed into another tank truck and caused an explosion.

The other tank truck, driven by William Birchett, Michigan City, also an employe of Standard Oil, then ripped into the rear of a semi-trailer driven by Clyde Kissinger, Edgerton, O., who had slowed down because of a flat tire.

Police said the impact set off the explosion in Nichols' truck. He was helplessly trapped as flames enveloped him.

**NO MORE TAXES**

NEWARK, N. J., Aug. 13 (UP)—The city fathers decided today not to bill William R. Cadmus for any more personal taxes.

They based their decision on the following letter from his daughter, Miss Amy B. Cadmus: "The doctor, undertaker, bureau of vital statistics, surrogate, inheritance tax bureau and sympathetic witnesses at the funeral are in agreement that my father, William R. Cadmus, should be declared legally dead as of June 22, 1946. You, alone, despite numerous notices to that effect, persist in the belief that he continues to incur personal debts. Knowing my father better than you could have, I doubt very much that he would approve your continued billing for personal taxes, which, according to the type of records kept by your department, he incurred many months after his cremation."

Be stubborn about this point if you will, but won't you at least show us the courtesy of addressing future bills to him at his permanent address: Plot 8, Section L, Mount Hebron Cemetery, Upper Montclair, N. J.

"They will not get to him otherwise, as he has not even paid us a visit since the date of his demise."

**BIGGER CASH INCOME FOR HOOSIER FARMERS**

LAFAYETTE, Ind., Aug. 13 (UP)—During the four months of 1947, cash income received by Indiana farmers greatly exceeded that of the same period of 1946, Purdue University statisticians announced today.

Cash receipts from farm marketings and government payments from Jan. 1 to April 30 this year amount to \$277,310,000 as compared with \$20,232,000 for corresponding months last year. The increase reflected higher prices and increased production, Purdue spokesmen said.

Last year income of Hoosier farmers rose to \$869,656,000.

**FLYING SEWING MACHINE TOO MUCH FOR MILWAUKEE**

MILWAUKEE (UP)—The maze of Flying Sewing Machine came this prize. A Milwaukeean called newspaper and secured a prize of what he had just won.

"There were about a dozen sewing machines, all of a straight line." The city editor admitted he reached the end of the saucer tales.
